# HOW TO USE THE TITHES

To view the Tithe database point to TABLES and click TITHES from the drop-down menu.

The database will appear as a series of records. Asterisks in each of the green column headings denote whether that field is searchable, and clicking on each one arranges contents ascending or descending - signified by an upward or downward pointing triangle respectively.

The Search Bar will accept any names, dates or terms and has options for entering multiple terms. The page selection buttons will move through pages of batched records - one page up or down, or to the beginning and end of the whole database or selection. There are also options to export data to Word or Excel files.

To view an individual record, click the magnifying glass button on the extreme right hand side of each one 🔍. The column names of a record's table are:

- ➢ Column 1 - `ref No` - the database's internal running record number

- ➢ Column 2 - `page No` - page number of the hand written transcription

- ➢ Column 3 - `parish` - parish of Marden

- ➢ Column 4 - `landowner` - landowner's name

- ➢ Column 5 - `occupier` - occupier's name

- ➢ Column 6 - `property` - the name of the property or a description

- ➢ Column 7 – `map ref No` - reference number to marry the property with its place on our 1842 Tithe Map

- ➢ Column 8 - `land premises` - what the property consists of – the exact type of buildings and the names of the fields, woods etc.

- ➢ Column 9 - cultivation - whether arable, pasture, hops or woodland

- ➢ Column 10 - inbounds ARP - property area in imperial measurements EXCLUDING boundary thickness (i.e. hedge), given in perches, roods and acres

- ➢ Column 11 - outbounds ARP - property area in imperial measurements INCLUDING boundary thickness (i.e. hedge), given in perches, roods and acres

- ➢ Column 12 - tithe to Vicar - Yearly tithe due to vicar in imperial money

- ➢ Column 13 - tithe to Appropriator - Yearly tithe due to agent on behalf of the vicar

- ➢ Column 15 - 🔎 - clicking on this will show you the individual record

- ➢ Column 16 - 📝 - for editors only

- ➢ Column 17 - 📄 - for editors only
